

OBJECTIVE

AWS DevOps Engineer with 6+ years of experience designing, implementing, and maintaining **CI/CD pipelines**, automating infrastructure using **Terraform** and managed by **Ansible**, Handling **AWS cloud environments**. Strong expertise in **Docker, Kubernetes, Helm**, and **Linux systems & shell scripting** with proven ability to improve system reliability, scalability, and deployment efficiency in **Agile/Scrum environments**.

PROFESSIONAL SUMMARY

- Hands-on experience with AWS cloud deployments using DevOps tools like Git, Maven, Jenkins, Ansible, Terraform, Docker, Kubernetes, Helm.
- In depth Knowledge of AWS cloud service like Compute, Network, Storage and Identity & access management.
- Expert in Cloud Technologies AWS Services like EC2, EBS, VPC, S3, ELB, ALB, ROUTE53, IAM, RDS, Cloud Watch, Cloud Trail, ECS & EKS.
- Securing VPC using security groups, Network Access Control List and Routing Tables. Hands-on Experience in configuration of Network architecture on AWS with VPC, Subnets, Internet gateway, NAT, Route table.
- Building/Maintaining Docker and clusters managed by Kubernetes, OpenShift, EKS in Microservices Architecture.
- Utilized Kubernetes and Docker for the runtime environment of the CI/CD system to Source, Build, Test and Deploy.
- Expertise in source code version management tools like GitHub, Bitbucket.
- Good experience using Maven for building java-based web applications.
- Hands on Experience on Continuous Integration tool like Jenkins, GitHub Actions.
- Configuring jobs, master, workers and managing in Jenkins.
- Hands-on experience with Configuration Management Tool like Ansible.
- Participated in release level discussions and went through the total SDLC and Agile methodology.
- Hands-on experience on monitoring tools like Datadog, Prometheus, Grafana, ELK stack to maintain various systems in different environments.
- ELK Stack (Elasticsearch, Logstash, Kibana) used for centralized log aggregation, real-time search, and visualization to enhance system monitoring and observability.
- Experience in deploying the code through web/application servers like Apache, Tomcat.
- Strong Problem solving and Debugging skills
- Troubleshooting Linux servers, memory checks, process checks etc
- Deploying WAR files in Application Servers like Tomcat Application Server.
- Having knowledge on setting up and managing Docker private repositories and maintaining the Containers registry using ECR.
- Hands-on experience in creating AWS using Infrastructure Automation tool Terraform.
- Experience on ticketing tools like Jira.

TECHNICAL SKILLS

Cloud Platforms	:	AWS, Azure
CI/CD Tools	:	Jenkins, GitHub Action, Codepipeline, Argo CD
Containers & Orchestration	:	Docker, Kubernetes, OpenShift, EKS
Infrastructure as Code	:	Terraform
Configuration Management	:	Ansible
SCM & Version Control	:	GitHub, GitLab, Bitbucket
Monitoring	:	Prometheus, Grafana, ELK stack, Datadog
Languages	:	Shell scripting, Python, Golang
Operating System	:	Windows, Linux, Ubuntu
Other Tools	:	Kong API, Helm, Harshicorp Vault, Kafka

EDUCATION

- B.Com Computer Applications at Rayalseema University with 7.4 CGPA

PROFESSIONAL EXPERIENCE

- Working as DevOps Engineer at HCL TECHNOLOGIES in Bengaluru from Feb 2024 to till date.
- Working as DevOps Engineer at CONCENTRIX Pvt Ltd in Bengaluru from Sept 2021 to Oct 2023
- Worked as DevOps Engineer at GARUDAVEGA Pvt Ltd in Hyderabad from Nov 2018 to Mar 2021.

AWARDS & RECOGNITION

- **Best Employee Award (2022-23)** - Recognized for exceptional performance and contributions over consecutive years
- Awarded "**CHAMP**" for the year 2024-25 in recognition of outstanding performance and dedication

PROJECTS

Project: 1

- **Project** : TSB Bank
- **Duration** : Feb 2024 - Till Date
- **Role** : DevOps Engineer
- **Environment** : AWS, Github Actions, Ansible, Docker, Kubernetes, kafka, Golang, Kong, ELK Stack, Vault, Argo CD

Project Description:

TSB Bank is a British commercial bank with its headquarters located in Edinburgh, Scotland. TSB Bank operates a network of 220 branches which serves over 5 million customers across with over £37 billion of lending and £36 billion of customer deposits. TSB was re-established in 2013, having originated from the Trustee Savings Bank (TSB) which was

founded in 1810 and later merged with Lloyds Bank in 1995 to form Lloyds TSB. TSB offered an initial public offering and was listed at London Stock Exchange in June 2014. In 2015 it was acquired by Sabadell Group. On 1 July 2025, it was announced that Sabadell had agreed to sell TSB to Santander for £2.65 billion.

Project: 2

- **Project** : **Euro Bank**
- **Duration** : **Sept 2021 - Oct 2023**
- **Role** : **DevOps Engineer**
- **Environment** : **AWS, Azure, Terraform, Jenkins, Ansible, Docker, Kubernetes, Golang, Prometheus, Grafana, ELK Stack.**

Project Description:

The Eurobank Group is a financial organisation that operates in Greece, Cyprus, Luxembourg, Serbia, Bulgaria and the UK. The Eurobank Group counts €58 billion in assets, 653 customer service locations in Greece and abroad, and 13,162 employees. The bank was the third largest in Greece by total assets by total loans and deposits, and the fourth by market capitalisation. The company focuses mainly on wholesale banking services, especially on corporate banking, wealth management for individuals, international business banking and global markets.

Project: 3

- **Project** : **DHL Group**
- **Duration** : **Dec 2018 to Mar 2021**
- **Role** : **DevOps Engineer**
- **Environment** : **AWS, Linux, Github, Networking, Jenkins, Terraform, Jira, Apache Tomcat, Shell Scripting.**

Project Description :

DHL Group, is a German multinational logistics delivery and supply chain management company headquartered in Bonn, Germany. It is one of the world's largest courier companies. It provides courier, package delivery & express mail service delivering over 1.7 billion parcels per year making it Europe's largest such company. The trade name's division DHL is a wholly owned subsidiary claimed to be present in over 220 countries and territories. DHL Group was the largest logistics company worldwide in 2022.
