RESUME

Pratik Dattatraya Dhoble

[redacted]

Career Objective:

To gain an esteemed position in a prestigious organization so that I can build an innovative career by applying and continuously improving my skills and other significant talents.

Experience Summary

- Total IT-Finance experience of 7 years
- Presently working with HCL Tech**.**
- Previously worked with Bank of new York mellon technologies and Infosys technologies, TCS.
- Quick learner and an excellent team player, with good communication and problem solving skills
- Have good understanding of financial services domain

Key Competencies & Skills

- **IBM Sterling Integrator, IBM Sterling File Gateway, Connect:Direct,Gix Bizlink, Bizlink Manager, Database, SQL.**
- **Packages : MS- Office, Ms-Excel**
- **Operating System**: Windows 8/Windows Vista/Windows 7/WinXP/NT/2000

Educational Qualifications:

Course	Name of the Institute	Board / University	Year of Passing	% / CGPA
Bachelor of Engineering	YCCE	Affiliated to RTMNU, Nagpur	2016	7.86
HSC	New Arts and science college, Wardha	Maharashtra State Board	2012	67.83
SSC	Viswasanthi em high school Gndigunta Krishna DT. AP.	Central Board of Secondary Education	2010	8.6 (CGPA) 81.7%

Project Summary

HCL Technologies **Jan 2022– Till Date**

Current Project Title	Migration Project
Description	This Project is designed for the Migration activity, where the key expectation is to **Design Architecture of Sterling File Gateway** , **Install** it on the Azure Kubenates Services and **Migrate** all the flows of Data Power to SFG. Added with Provide Functionality Such as Logging and Monitoring using Kibana, Elastic Search & **IBM Control Center**
Role	Technical Lead
Responsibilities	● **Architectural Role-** Designing the Architecture of Sterling File Gateway specifically to Install it on the Azure Kubenetes Services. ● **Installation of SFG**- Installing the SFG on AKS Services using Helm Charts and Configuring the Adatapers, Services to enable the Protocals such as SFTP, FTPS, MQ etc, ● **Cutomization**- Customizing SFG According to the need of Client sucb as, creation fo Business process to read the headers from MQ, removal of proxy services and introducing protocals etc. ● **Migration Activity-** Planning for the Migration activity, gathering information from source and destination, deployment of all the flows and making them live. ● **Monitoring-** Enablement of Loging and Monitoring functionality such as kibana, Elastic serach, My File Gateway & ICC ● **Installation of ICC-** Installation of IBM Control Center on the Azure Kubenetes services and configurating the same with SFG.
Technology	Unix, IBM Connect direct , Basic of mainframe, Trouble shooting Skills, FTPS, HTTP, FTPS, SFTP, Connect Express
Tools	IBM Sterling integrator ,IBM Connect:Direct, SFG, Secure+,Bizlink, Splunk, HIP Monitoring tool, Slack, SNOW

Project Summary

Tata Consulatancy Services **March 2021– Jan 2022**

Current Project Title	Society Generale Bank, Manage File transfe
Description	The project is Managed File Transfer system admin and integration development with support. The activity includes designing and building the solution with tools like Connect:Direct, IBM Sterling Integrator, SFG using various protocols like SFTP, FTP, HTTPS and Connect: Direct.
Role	System Specialist Engineer
Responsibilities	● System Engineer With Complete File transmission wotk ● ***Lead:***- Handling EUROPE and Paris Region and Assigning task to Peers ● ***Build***: Building the Infrastructure based upon the agreed solution. ● Solving incidents related to file transfer related to Sterling File Gateway and Sterling Integrator. Added with Connect Express ● Planning and Implementing the Changes via proper channels ● ***Audit***: Remediation of Non-compliant node as per the Audit requirements laid down by Client. ● DB and OS patching for SI and SFG ● ***Maintenance***: Maintain complete SFG environment using Python script ● ***Monitor Role:-*** Monitor the new juniors with tools well providing the required guidance
Technology	Unix, IBM Connect direct , Basic of mainframe, Trouble shooting Skills, FTPS, HTTP, FTPS, SFTP, Connect Express
Tools	Connect Exress ,IBM Connect:Direct, Sterling integrator, SFG, Secure+,Bizlink, Splunk, HIP Monitoring tool, Slack, SNOW

Project Summary

Infosy Technology **March 2019 – March 2021**

Current Project Title	Loreal HIP Operation Team , ASIA Pacific Region
Description	The project is Managed File Transfer system admin and integration development with support. The activity includes designing and building the solution with tools like Connect:Direct, IBM Sterling Integrator, SFG using various protocols like SFTP, FTP, HTTPS and Connect: Direct.
Role	Associate Consultant
Responsibilities	● ***Design***: Requirement Analysis & gathering.

	● ***SME:*** Acting as SME in case of P1 and P2 issue ● ***Lead:***- Handling ASIA Pacific Region and Assigning task to Peers ● ***Build***: Building the Infrastructure based upon the agreed solution. ● Solving incidents related to file transfer related to Sterling File Gateway ● Planning and Implementing the Changes via proper channels ● ***Audit***: Remediation of Non-compliant node as per the Audit requirements laid down by Client. ● DB and OS patching for SI and SFG ● ***Maintenance***: Maintain complete SFG environment ● ***Monitor Role:-*** Monitor the new juniors with tools well providing the required guidance
Technology	Unix, IBM Connect direct , Basic of mainframe, Trouble shooting Skills, Basics of EDI and Mapping. protocols – Connect:Direct, SFTP, FTPS, HTTPS, Database SQL
Tools	IBM Connect:Direct, Sterling integrator, SFG, Secure+,Bizlink, Splunk, HIP Monitoring tool, Slack, SNOW

Bank of New York Mellon Technology **May 2016 – March 2019**

Current Project Title	Global File Transfer Services
Description	BNY Mellon which is financial major has large-scale global financial operations which are spread across USA, EU and APAC region. Project is responsible for researching and gathering the current/existing transmission information and migrating the existing transmission protocol like FTP/FTPS to more secure protocol like SFTP (Widely used), connect direct, HTTP. Our team is responsible to develop new transmission setup which include researching on current transmission, account build/Partner on boarding peer process, testing, deploy in production and monitoring the transmission. We used to often work on critical application like accounts of treasury services, which have direct impact on BNY Mellon financial businesses with clients. We are currently using tools like SFG, Sterling Integrator, Sterling Secure proxy , Bizlink Manager to provide connectivity and monitoring the Jobs / Process which includes process includes building SFTP setups & connect direct scripts for different OS like unix, mainframe, windows.
Role	Business Liaison and Migration Developer

Responsibilities	• File Transfer activity. • Understanding and gather Business lerated information from Client. • Building setups,testing & implementation in live transmission. • To act according to the progress of the setups / Jobs. • Trouble shooting all the failures. • Act immediately on client concerns / comments. • Participating in production call to give updates to the client. • Managing shifts within the team to provide support.
Technology	Unix, IBM Connect direct , Basic of mainframe, Trouble shooting Skills, Basics of EDI and Mapping. protocols – Connect:Direct, SFTP, FTPS, HTTPS.
Tools	IBM Connect:Direct, Sterling integrator, SFG, Secure+,Bizlink

Certifications

- Registered for **CFA level 1** (Dec 2020)
- Registered for **FRM Part 1** (Nov 2020)
- Underatanding of Financial business BNYM Tech.
- Certified Capital market dealers module NCFM
- Certified Capital market and Tressury Services
- Certified NSE Academy Certified Equity Fundamental Analysis
- Indroduction to Option Trading
- Introduction to Capital and derivative markets
- Attended full cource on Financil Modeling

Achievements and Co-curricular Activities:

- Participated in "**REPUBLIC DAY PARADE"** at DELHI, 2009
- Awarded with "**BEST PARADE COMMANDER"** from Andhra Pradesh directorate, 2009.
- Presented a technical paper in **IEEE Conference** at "**ICEETS 2016",** Nagarcoil (Kanyakumari).
- Performed one month Internship on "**Design of Boost Converter**" at **IIT Indore**.
- Received training at "Electric Locoshed, Ajni", Nagpur.
- Acted as **"STUDENT COORDINATOR"** in Society of Future Electrical Engineers (SOFEE), YCCE.
- Represented Wardha district in scout and guide event at state level (Maharashtra), Mumbai, 2004.
- Conducted and presented a Department level workshop on "**PCB Designing**" for students of third year Electrical Engineering (2015-16).

- Active member of NGO, **"WINGS".**
- Founder member of departmental library, "**H.O.P.E"**.
- Compiler for the Departmental Magazine, "**GNISTA".**

Artistic Hobby

- Certified Professional actor from Prasant Damle theater School Pune 2017.
- Founder Member of Manch theater society at BNY Mellon technology 2016
- 2nd Best actor in Inter Corporate Project management Competetion 2017
- Best Director in Inter Corporate Project management Competetion 2018
- 2nd winner in National one act play Akola 2017.
